Kareena Kunwar

Solutions / System / Software Engineer

Denver, CO | 720-300-3698 | kareenakunwar6@gmail.com | LinkedIn | GitHub

EDUCATION

Metropolitan State University of Denver
BS in Computer Science

Relevant Coursework: Data Structures & Algorithms, Software Development Methods & Tools, Operating Systems, Networking, Computer Organization, Discrete Structures, Programming Languages, Theory of Computation

WORK EXPERIENCE

Sunrise Senior Living | Westminster, CO
QMAP Systems Engineer | Jan 2021 - Dec 2024

- Optimized management of 500+ digital records, achieving 99%+ accuracy and ensuring compliance with data standards
- Improved workflow efficiency by 20% by streamlining record management processes
- Collaborated with a team of 6 to update 200+ records daily, ensuring consistent and reliable data flow
- Leveraged EHR systems to improve data accuracy and reduce retrieval time by 25%

PROJECTS

Castle Battle – 1v1 Board Game (C++)
Software Engineer | Jan 2025 – Mar 2025

- Developed a C++ board game using Object-Oriented Programming and data structures, improving code efficiency by 30%
- Designed board initialization and attack algorithms, reducing runtime errors by 25%
- Built a command-line interface displaying real-time game state and player actions, reducing player decision time by 20% and improving gameplay clarity
- Implemented input validation, decreasing crashes and bugs by 40%

Organize Me – Task Management App (React Native, Supabase, Expo)
Software Engineer | Feb 2025 – Apr 2025

- Built a mobile task management app with real-time syncing, improving task tracking efficiency by 35%
- Implemented secure authentication (email verification & password reset), strengthening account security and preventing unauthorized access
- Optimized database queries, improving app response time by 30%
- Developed interactive UI components, increasing user engagement by 20% and improving usability based on user testing feedback
- Integrated push notifications, boosting task completion rates by
