WORK EXPERIENCE

Runwayz | **Head of Product** | South Bend, IN (Remote) | Jun 2025 – Present

- **Spearheaded** strategic **user experience (UX) design** to engineer a ground-up **design system** with a 10-person tech team, accelerating handoff 3x via automated Figma-to-GitHub pipelines.
- **Influenced** long-term **product strategy** by authoring end-to-end **journey maps** that resolved pipeline friction, positioning the product to capture a projected 40% lift in qualified candidates.
- **Designed** an AI-powered workflow recommendation engine built on **WCAG accessibility guidelines**, scaling automated **inclusive design** test coverage from 30% to 80%.
- **Directed** a multidisciplinary cohort of design interns, delegating feature workstreams within **agile development sprints** while instilling human-centered design principles to solve complex problems.
- **Formulated** data-driven design solutions via user interviews, A/B testing, and **stakeholder research**, expanding post-launch behavioral signal coverage significantly to optimize product decisions.

Donnelly Design | **Founder & Product Lead** | Chicago, IL (Remote) | Mar 2024 – Present

- **Championed** design-thinking methodologies for early-stage startups, managing development sprints and guiding **cross-functional partners** to align UX with corporate visions.
- **Pioneered** accessible **design system** transformations, executing thorough **WCAG audits** across multiple client platforms to eliminate interaction friction for a diverse, inclusive user base.
- **Created** high-fidelity prototypes and digital product roadmaps that secured executive **stakeholder alignment**, contributing to a significant 30% reduction in product time-to-market.

Platform Venture Studio | **Product Development Lead** | Chicago, IL | Jan 2022 – Mar 2024

- **Navigated** extreme ambiguity to design and ship a portfolio of early-stage products under strict 8-to-10-week MVP timelines while optimizing personnel and budget constraints.
- **Partnered** with **cross-functional product, tech, and marketing stakeholders** to implement nuanced agile methodologies, increasing engineering sprint velocity by 30%.
- **Resolved** complex user architecture challenges within **heavily regulated spaces** (HIPAA/legal compliance), ensuring secure data handling across multiple enterprise accounts.
- **Supervised** the design execution of multiple simultaneous startup platforms from inception to launch, resulting in a collective $5 million in annual recurring revenue across the active portfolio.

EDUCATION

Johns Hopkins University | **Master of Business Administration (MBA)** | Baltimore, MD | Exp. May 2027

Maryland Institute College of Art (MICA) | **Master of Design Leadership** | Baltimore, MD | Exp. May 2027

University of Notre Dame | **BA: Industrial & Product Design** (Minor: Computing & Digital Technologies) | Notre Dame, IN | May 2021

SKILLS & INTERESTS

Skills: UI/UX Design, User Experience (UX) Strategy, Wireframes, User Research, Prototyping, WCAG Accessibility, Inclusive Design, Design Thinking, Product Strategy & Management, Agile Sprints, JavaScript, HTML, C#, Python, TypeScript, APIs, Relational Databases

Tools: Figma, Adobe Creative Suite, Claude, Visual Studio, Notion, Bubble.io, GitHub

Interests: Game Design, Startups, Movies & VFX, Sketching, Mystery Novels, Skiing, Swimming
