PROFESSIONAL SUMMARY

Technical Writer with experience creating technical documentation, user guides, knowledge base articles, and workflow documentation supporting enterprise software implementations. Skilled at translating technical concepts into user-friendly content and improving user adoption.

WORK EXPERIENCE

Accenture **New York, NY**
Packaged App Development Associate *March 2025 – Present*

- Authored 25+ technical documentation deliverables, including end-user guides, workflow documentation, training manuals, and knowledge base articles supporting 3 enterprise software implementations and 100+ users.
- Collaborated with 4 developers and cross-functional stakeholders to gather requirements, refine 50+ Agile user stories, define acceptance criteria, and support software delivery throughout the SDLC.
- Facilitated 2 train-the-trainer sessions for 40+ administrators and business users, improving onboarding efficiency and adoption of enterprise applications.
- Supported testing activities across functional, integration, regression, and UAT phases using Jira and ServiceNow while documenting integrations, workflows and coordinating defect resolution.
- Identified documentation gaps and process improvements impacting 100+ users across 3 departments, improving user experience through updated workflows and implementation guidance.

PeopleShores **New York, NY**
Junior Software Developer *August 2024 – March 2025*

- Developed full-stack applications utilizing Java, Python, JavaScript, React, SQL, and REST APIs, strengthening understanding of software systems and developer workflows.
- Collaborated within Agile teams to build, test, debug, and enhance software solutions while supporting code quality and software delivery best practices.

CoachCare **Remote**
LPN Care Coordinator *Jan 2024 – Aug 2024*

- Managed remote patient monitoring platforms and IoT health devices for 300+ patients monthly, ensuring system reliability and successful technology adoption.
- Delivered virtual training and troubleshooting support across multiple clinic locations while documenting device issues, workflows, and system configurations to improve continuity of care.

Agency (Montefiore, WhiteGlove, Atlantic Group) **Remote**
LPN Care Manager (Contract) *April 2022 – January 2024*

- Collaborated with interdisciplinary teams and educated patients and families on treatment plans, strengthening stakeholder communication and information translation skills.

TECHNICAL EDUCATION & TRAINING

Per Scholas **New York, NY**
Full Stack Software Engineering Program *August 2024 – February 2025*

- Built responsive full-stack applications utilizing HTML, CSS, JavaScript, React, Java, SQL, Python, and REST APIs with database integrations and authentication.

NPower **Brooklyn, NY**
IT Support Trainee *February 2024 – June 2024*

- Delivered technical support across Windows, Linux, and MacOS environments while troubleshooting hardware, software, and networking issues.

EDUCATION

Western Governors University (WGU) **Millcreek, UT**
Bachelor of Science, Health Science *Expected June 2027*

AMG School of Licensed Practical Nursing **New York City, NY**
Licensed Practical Nursing Diploma *December 2021*
