UDAY GOSAIN

Senior Director, Technical Program Management

Atlanta, GA | (732) 318-4905 | ugosain@gmail.com | linkedin.com/in/udaygosain

WORK EXPERIENCE

LTIMindtree (LTM) | Senior Director, Technical Program Management | Atlanta, GA | 09/2023 – Present

- Directed **$10M+** annual program strategy and org scaling for Otis ONE™, co-leading **400+** engineers across **14** digital verticals to drive enterprise operating model transformations.
- Institutionalized global delivery governance across **32** distributed teams (**400+** engineers), shifting to an asynchronous operating model that eliminated cross-regional bottlenecks.
- Optimized engineering capacity and planning cadence, unlocking **1,600+** annual engineering hours and accelerating delivery velocity by **83%** via automated DevOps governance.
- Spearheaded enterprise AI-driven developer enablement, achieving an **18%** increase in engineering throughput and **0.4%** defect density through GenAI integration across the SDLC.
- Fortified enterprise cloud risk posture, orchestrating cross-functional initiatives to eliminate **100%** of high-severity vulnerabilities across multi-cloud infrastructure within **7** months.

LTIMindtree (LTM) | Director, Technical Program Management | Atlanta, GA | 12/2017 – 09/2023

- Spearheaded technical program management for a global IoT platform scaling to support over **750,000** connected assets while sustaining a **90%** predictability ratio of commitments.
- Disrupted core hardware-to-cloud delivery bottlenecks by institutionalizing a componentized work-breakdown methodology to maintain continuous cloud feature releases.
- Rescued a failing on-prem to GCP migration trending toward a costly delay by changing solution approach, accelerating knowledge transfer, restructuring project plans, and alignment testing.
- Scaled technical capabilities to launch Test/Developer AI tracks by designing technical career frameworks and mentoring a high-performing organization of **180** engineers.

Travelers Insurance | Program Management Lead | Hartford, CT | 06/2015 – 02/2018

- Headed a **120**-headcount co-sourced technology portfolio for Auto, Property, and Tech Currency streams, driving multi-layered matrixed governance and demand management.
- Reduced production and UAT defects by **90%** while growing supported applications by **300%** through the implementation of multi-layered defect prevention reviews.
- Transitioned **60%** of legacy waterfall infrastructure to Agile/SAFe frameworks, standing up **5** active scrum teams and standardizing delivery practices in CA Rally.
- Accelerated cross-functional feature deployment times by **22%** and elevated sprint predictability by tracking all engineering work items as enablers or spikes.
- Standardized executive data reporting and insights across CA Rally, PM Smart, and QlikView by partnering directly with the SEPG business organization.

FieldFresh Foods Pvt. Ltd. / Del Monte India | Deputy General Manager, CEO Office & Head – IT & Sustainability | Gurgaon, India | 07/2010 – 05/2015

- Realigned corporate IT infrastructure and capital budgeting directly within the CEO Office, changing departmental culture to drive absolute alignment with core business operations.
- Led organizational transformational programs, technical due diligence, and facility designs that directly supported a **70%** expansion in company top-line growth over **2** years.
- Brought near real-time transparency of farming ops by co-designing a mobile farm-monitoring platform driven by Big Data, and machine learning patterns.
- **Standardized corporate governance and QMS across 4 global locations**, deploying an enterprise Sustainability Framework and encapsulating 6 international quality standards.

GlobalLogic India Pvt. Ltd. | Engineering & Technical Program Manager | Noida, India | 04/2008 – 07/2009

- Turned around two failing **$2M** & **$4M** telecom product development programs by stabilizing geographically dispersed teams and instituting robust SDLC practices to eliminate critical defects.

HCL Technologies Ltd. | Associate Technical Project Manager, Telecom | Noida, India / Yokohama, Japan | 02/2004 – 04/2008

- Led a first-of-its-kind GSM software product lifecycle across matrixed OEM teams, earning the Powerwave CEO Award for elite project execution under extreme constraints.
- Innovated SDLC and People processes and practices to significantly enhance project deliverable quality and build high-performing teams.

Zesium Mobile GmbH | UMTS Communication Engineer | Munich, Germany | 02/2002 – 02/2004

- Executed core field testing and software stack development for high-visibility clients including Texas Instruments and T-Mobile.

EDUCATION

- **School of Inspired Leadership (SOIL) | Post Graduate Certificate in Business Leadership (Executive MBA: Graduated Top of Class)** | Gurgaon, India
- **Centre for Development of Advanced Computing (C-DAC) | Diploma in Advanced Computing** | New Delhi, India
- **Army Institute of Technology, Pune University | Bachelor of Engineering (Electronics & Telecommunication)** | Pune, India

CERTIFICATIONS

- **SAFe® 6.0 Lean Portfolio Manager (LPM)** | Scaled Agile, Inc.
- **Project Management Professional (PMP)®** | Project Management Institute (PMI)

SKILLS

- **Methodologies & Scale:** Scaled Agile Framework (SAFe 6.0 LPM), Solution Train Engineer (STE), Release Train Engineer (RTE), Enterprise Portfolio Governance, Asynchronous Operating Models
- **Cloud & Platform Engineering:** Cloud Security Remediation (Wiz.io), Infrastructure & Architecture Migration, Multi-Cloud Governance, Azure DevOps (ADO), DevSecOps Culture
- **AI & SDLC Automation:** GenAI Integration, GitHub Copilot, Tooling & Dashboard Automation, Continuous Integration/Continuous Deployment (CI/CD), Quality Assurance Frameworks
- **Enterprise Analytics & Tools:** Executive Reporting, CA Rally, PM Smart, QlikView, Big Data Architecture
