Indiana University Bloomington | Informatics, Business (GPA: 3.72 / 4.00) | Bloomington, IN | Aug 2025

WORK EXPERIENCE

Validus Fintech | **Associate Product Manager** | San Francisco, CA | June 2025 – Present

- Orchestrated development of the **"Communication Command Center" automation feature**, utilizing **n8n** and **Cloud Co-Work** to trigger automated user journey workflows.
- Spearheaded sprint planning and roadmap execution in **Jira** and **Linear** for **5–6 engineers**, delivering **3 major fintech features** with **zero post-release bugs**.
- Authored **25+ PRDs, ERDs, low-fidelity wireframes**, and user stories to translate ambiguous B2B requirements into clear technical specs for **15 developers**.
- Optimized feature adoption and product retention by **12%** across **20+ premier institutional asset management** clients by building lightweight KPI tracking dashboards.
- Executed **qualitative user interviews** and **usability testing loops** during client onboarding, translating real-time B2B feedback into actionable roadmap adjustments.

Locuz Enterprise Solutions Pvt. Ltd | **Associate Product Manager Intern** | Remote | June 2024 – Aug 2024

- Partnered with a data team to construct real-time performance tracking dashboards, accelerating user conversion rates by **12%** via targeted optimization insights.
- Directed technical requirement mapping for an engineering squad of **6 developers**, serving as primary stakeholder liaison to ensure **bug-free product delivery**.
- Formulated an exhaustive competitor benchmarking strategy across pricing and UX matrices, presenting executive GTM strategies that captured **3% market share**.

EY (Ernst & Young) | **Advisory Associate Intern** | Mumbai, India | May 2022 – Aug 2023

- Analyzed growth trajectories and conducted product due diligence for **20+ fintech startups**, providing insights that boosted portfolio allocation efficiency by **8%**.
- Negotiated strategic vendor agreements within a **5-person advisory pod** to optimize a **$500,000 procurement budget**, yielding **4% overall cost savings**.
- Co-authored **PRDs** and engineered user journey maps for digital banking platforms, resolving **4 critical user pain points** and improving delivery timelines by **15%**.
- Streamlined client relationship workflows via automated CRM integrations, reducing response latency by **10%** and improving client satisfaction scores.

PROJECT EXPERIENCE

Autonomous Outbound AI Agent & Email Outreach Platform | **Product Lead & Developer** | Sep 2025 – Present

- Architected an end-to-end **autonomous AI agent application** from scratch, leveraging **OpenAI APIs**, **LLM prompt logic**, and workflows to streamline job discovery.
- Engineered automated smart sorting algorithms to extract professional contacts, verify email integrity, and autonomously generate tailored draft pitches.
- Conducted recursive **usability testing** and built feedback forms to optimize agent prompt logic, solving user friction and saving **30 hours per week** in outreach.

SKILLS & INTERESTS

- **Technical Skills: Python**, **C**, **Advanced SQL**, Excel, **Figma**, **Jira**, **Linear**, **n8n**, Cloud Co-Work, Agile & Scrum Methodologies.
- **Core Competencies:** Product Roadmaps, **PRDs & ERDs**, **Wireframing**, User Journey Mapping, **Qualitative User Research**, **Usability Testing**, Quantitative Dashboards, FinTech Automation.
